

Prestwich Cricket, Tennis and Bowling Club

PROJECT SPACSE – Glass Brick Wall

This is the opportunity for members to support this project which is within weeks of completion. The Glass wall will be placed in the new entrance hall and will be placed either side of the Club Crest which will be central to the presentation. There are three separate examples (shown below) of what you can purchase to suit your own requirements and they are all priced at £25 each. At this stage we have a maximum of 200 on sale but if required we will look at extending the number available. All the proceeds will go to the new furnishings and bar fittings for both lounges which will cost the club £30k. It is worth reminding members that only £15k is budgeted within the total project cost of £574k.

The sale starts on Friday 5th February and forms will be available from behind the club bar or via the club website.
